Message from the Guest Editors

Dear Colleagues,

The previous volume of “[Exploring and Modeling the Magma-Hydrothermal Regime](#)” is an attractive Issue attaining high achievement in the fields of science and engineering. It covered a wide range of academic fields related to magma and hydrothermal processes in the Earth.

We would like to summarize and publish an additional volume on magma-hydrothermal activities in *Geosciences*.

Deadline for manuscript
submissions:

31 October 2021

Ochoa 7, Edificio
Entrepabellones 7 y 8, 28040
Madrid, Spain

Message from the Editor-in-Chief

Understanding the Earth's origin and its bio-geological evolution, the multiple implications of the geosciences (as a coherent set of interconnected disciplines), and the sociocultural and ethical interdisciplinary approaches, will be crucial for a better understanding of Nature, and also for undertaking scientifically based political decisions.

We are committed to drive *Geosciences* to a position in which it is recognized for its high-quality, cutting-edge research and scientific influence, and strongly encourage and invite your participation and manuscripts.

Author Benefits

Open Access:— free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [ESCI \(Web of Science\)](#), [GeoRef](#), [Astrophysics Data System](#), and many [other databases](#).

Journal Rank: [2020 CiteScore - Q1](#) (*General Earth and Planetary Sciences*)
